E-mail 2:

2nd telephone:

Do you live at another address, other than your child? *In that case fill in the details below.*

Your home address (street + number):

Postal code:

Place of residence:

Additional comments

Do not mention medical or other sensitive personal information here.

If applicable, select one or more of the options below

- ☐ At the moment my child turns four years old, an older brother/sister attends the school of my first preference.

Name brother/sister:

Date of birth: - -

Fill in the data of the child that attends this school at that moment.

- ☐ My child attends for at least two day-parts a week for a year the day-care (kinderopvang) of the Integrated Child Centre or the Montessori Child Centre and has priority status at the school.

If so, add a proof of registration of the day-care.

School preference

Please list at least four schools in order of preference.

In case your child can't be placed at one of the selected schools, placement at one of the not-preferred schools with priority is considered. During the registration of the application these schools are added (to the application) automatically.

For children with an older brother/sister at the school of first preference (at the moment the younger child attends primary school), selecting just one school is sufficient.

These schools are my schools of preference (put your first preference at 1):

- 1.
- 2.
- 3.
- 4.
- 5.
- 6.

The undersigned hereby acknowledges having read the rules of the admission policy (toelatingsbeleid), respects the educational vision of the preferred schools and declares to have completed this application form truthfully.

Name parent/care taker:

Date: - -

Signature parent/care taker:

After delivering this application form you'll receive a proof of the application within ten days (please check your inbox, junk or spam folder). In case you haven't received this please contact the school immediately.

The boards act according to the rules of the Algemene Verordening Gegevensbescherming (AVG). The personal data will only be used for the application and placement at a primary school. For further information about the processing of these data we refer you to the privacy statement. You can find this document on the website: basisscholenamstelveen-ouderkerk.nl.
